Power requirement: 32A 3Ø

* as shown above

Since its launch in 2016, the Rebel Decibel System WAREHOUSE has been used at all the best warehouse and outdoor parties in Singapore including Escape 56, Strawberry Space, Under the Bridge, Plastik Dreams and the Council. It has already been used to support the likes of Åme, Booka Shade and Louis Vega, to name but a few. This state-of-the-art Funktion-One system is the pinnacle of 40 years of research by its founders Tony Andrews and John Newsham. Simply put, these speakers are **magic**.
